

LIPSTICK & DIPSTICK'S GAY GIRL'S GLOSSARY

Carpet picnic: A romantic dinner eaten on the living room floor (preferably in front of a fire or surrounded by candles).

Cunnilingus crack: The cause of the sex-crazed narcosis we're thrown into when we fall in love.

Dental dam: Silly flap of latex that got its start in dentists' offices, but made its claim to fame spread across the beautiful beaver (a.k.a. cum curtain, sexy shade, hoo hoo hoody, labia lingerie).

Dry as a bone syndrome: A serious disorder that means your pussy can't produce juice (a.k.a. female sexual arousal disorder).

Dyke gestation period (DGP): The superimportant six months in the beginning of your relationship when you simply date, live in separate places, and enjoy falling in love.

Gaydar: That sense you get when you know someone's gay, whether they know it or not.

Gold star: A dyke who's never slept with a man.

Hand me the remote syndrome (HMRS): A serious disorder that means no sex drive for you (a.k.a. inhibited sexual desire).

Heart fuck: When you're having an affair with a certain someone who you haven't actually touched (a.k.a. emotional cheating).

Heavy immersion: During the Preliminary Pussy Period, it is tryouts on steroids.

Homo no-no: Something that gay people should never do.

Human papillomavirus (HPV): A sexually transmitted disease caused by human papillomavirus, which is a group of viruses that includes more than one hundred different strains or types. It can lead to cervical cancer.

Kegelism: A serious disorder with a funny name that means you have a hard time letting anything into your pussy (a.k.a. vaginismus).

Long-term relationship (LTR): Duh.

Make-out vacation: This is a vacation for women whose partners travel for work and take advantage of the out-of-town rule (see below). On this vacation, you get to make out with as many women as you'd like with no strings attached.

Masturbation mania: When you're masturbating so much you don't want to have sex with your partner anymore.

Mind the vagine: The state of mind where you're not frightened by what turns you on.

Mo: HoMOsexual.

Nobody's home disorder: A serious disorder that means no orgasm for you (a.k.a. anorgasmia).

Only child syndrome: When you're raised an only child and have a hard time sharing.

Out-of-town rule: When you're out of town, you get to make out with other chicks.

Penis envy: When you really wish you had a penis.

Polyamory: Participation in multiple and simultaneous loving or sexual relationships.

Poontang: Your pussy (a.k.a. poon, the girl, hoo hoo, ya ya, chocha, yum yum).

Preliminary Pussy Period (Triple P): A four-step process and period of time you should date before cohabitating.

Pussydos: The myriad cunt-styles you see in the lesbian community. (They include V formation, Mrs. Bigglesworth, cunnilingo incognito, soul patch, stripper stripe, vaginalina, the landing strip.)

Queersight: Similar to hindsight, but it's instead an acute sense of seeing how gay you were before you realized you liked pussy and came out of the closet.

Shooter: Dykes who try to knock off other women for their benefit, most common with good friends who secretly have feelings.

Swami: Lipstick's brother.

Tarnished star: A dyke who's slept with a dude.

Texas: Lipstick's wife, who is a fourth-generation Texan (a.k.a. Texas Two-Step, Texas Rose, Texas Lonestar, Little Texas, Téjas, Texas Longhorn).

The line: The very thin gray line that separates friendship and sexual relationship in the lesbian world.

Tiger: Dipstick's wife (a.k.a. The Incredible Girl at the End of my Rainbow).

Vaginal voodoo: What's left over on sex toys that were used with previous partners.

Virtual hoochy poos: Women you meet and have sex with online.

Yeouch-icardia: A serious disorder that makes your pussy hurt like a motherfucker during penetration or upon genital stimulation (a.k.a. dyspareunia).
